THE REWARDS OF PLANTING TREES

A Forest and Conservation History Tour through Hanover and West Grey, Ontario.

At one time Hanover was known as the Furniture Capital of Canada. We will see examples of this from a forest history aspect. There will be tours to early plantations on Grey County properties and private land near Wilder Lake. We will visit an early plantation designed to protect Hanover's water supply and visit the Sulphur Springs Conservation Area. There will be stops at other cultural areas of interest.

Registration is required. Cost is \$40 for Forest History Ontario members and Bruce Grey Woodlands Association members, \$60 for non-members and \$20 for students. Fees are payable by e-transfer or cheque to Forest History Ontario. Lunch will be provided. Please indicate any dietary needs.

Please register by October 10th. Fees are non-refundable after this date but can be substituted. Participants must be able to walk up to 15 minutes a few times, on imperfect forest trails. We will travel by school bus, however seats are limited.

Meet at Sulphur Springs Conservation Area at 261123 Grey Rd 28, Hanover.

**For more information contact: Terry Schwan at (519) 362-2098 or
